**Your  
Personal  
WEALTH  
FORMULA**

# **ASTRO-NUMEROLOGY**

## **And Your**

### **Personal Wealth Formula**

Your *Personal Wealth Formula* is derived from the numbers you were born with – both in your *Personal Numerology Blueprint* and your *Astrology Birth Chart*.

Numbers exist EVERYWHERE, so the frequencies and sacred geometry in your Astrological Birth Chart are very important and give vital clues about you and the tools you were born with.

As an Astro-numerologist I have discovered that you have specific numbers, personal to you, that you can use as a powerful tool to activate abundance and prosperity in your life. This Wealth Formula is yours to activate anytime, any place for the rest of your lifetime.

The most important numbers in your *Personal Numerology Blueprint* are most usually also activated in your *Astrological Birth Chart*. This shows that you have a unique “fingerprint”, a language, a song made up of a set of specific frequencies that gives you the keys to your spiritual lessons on this journey you have chosen.

Once you know the numbers of your Personal Wealth Formula, you can use it in the following way:

## **How to Activate Your Personal Wealth Formula**

1. Pay attention to your Personal Days, Months and Year! For example, on a Personal Day which reflects one of the compound or root numbers in your Personal Wealth Formula, you will have an extra boost of energy, support and confidence to fulfill your goals.
2. In the same way, on those Universal Years, Months and Days which reflect one of the compound or root numbers in your Personal Wealth Formula, you will also benefit from an extra boost of energy, support and confidence to fulfill your goals.
3. When you choose NAMES for your business – be it a book title, website, product titles, business names – choose a name that resonates to one of the compound or root numbers in your Personal Wealth Formula.  
  
\*Always use the Chaldean System when calculating any current names.
4. Choose a Launch day for your important event, product, website on a Personal Day and Month reflecting your Wealth Formula. This also goes for

any buying/selling transactions, such as real estate deals.

5. Turn your home address and/or office address into one of the root numbers of your Personal Wealth Formula.

*For example, if your home currently adds up to 23/5 (19526 Price Street = 23) and one of your Wealth Formula Numbers is a 9, then place a gold number 4 INSIDE your front door, or office door, to turn the number 23 into a 27/9.*

*\*\*Use the Fortunate Number List to choose your address numbers.)*

6. Visualize and Meditate on your Personal Wealth Formula to manifest these powerful frequencies in your life.
7. Pay attention to all the times you SEE or hear one of your numbers – on billboards, license plates, hotel rooms, phone numbers, tickets, and so on. Numbers are symbols, and any sign of your important numbers is a clue for you to pay attention, focus and be present for the task at hand.
8. When you travel, choose flights and seats and hotel rooms that reflect one of the numbers in your Personal Wealth Formula.

## Ancient Egyptian Numerology

**21 = TRUTH**      “The Truth Shall Set You Free.”

**20 = TRUTH**      “The Truth is Hidden In the Light.”

**11 = AWARENESS**      “To Judge Is To Judge Yourself.”

**4 = PEACE**      “To Judge Is To Judge Yourself.”

**11** is a number symbolizing two opposing energies which need to be united. You either are divided, or in balance. There is an *illusion* of separation with this number, which presents a challenge.

You must bypass division by uniting separate goals – otherwise you will feel a sense of incompleteness running through your life. Another way you may feel this separation is through an interfering person or an idea. 11 can represent treachery from others. Or you may refuse to see the other side and prevent yourself from feeling harmony.

11 will always ask you to choose between good and evil.

In all these cases, you must find out where the opposing force originated - and to understand that it has appeared in order for you to experience the *Law of Opposites* in a positive way. You also will learn to compromise with this number. Ultimately two thoughts, ideas, or goals, which stood apart, will unify into one unified goal - while you retain your individual identity.

The 11 is known as “The Intuitive Master” – a messenger of God and a master among people. It is the mission and nature of 11 to delve into the mysteries of life.

The ancient temples of mystery had a pillar on each side of the entrance looking very much like the figure 11. These pillars represent the positive-negative, masculine-feminine,

active-passive forces.

By walking between the two of them we bring a sense of balance into our lives. So the I I who enters the temple by the center between the two pillars has chosen the positive, upward way. Once on the right path, his success is inevitable.

*I I gives you the gift of a bridge or connection between your conscious and unconscious realms, attuning you to a high level of intuition, through which psychic information can flow.*

I I rules electricity and your nervous system

***I I represents two pillars – a gateway - through which you must walk. In ancient times this represented going through an initiation. Thus you will be given opportunities to unite any inner division you may feel.***

***Since the double I makes you highly creative you are being asked to use your strong intuitive hunches to transcend division and feel oneness, inner peace and happiness.***

## **Libya**

When a number appears again and again, it carries a strong message. In Libya's case that number is **16/7**.

The protests in Libya began on February **16**.

The leader of Libya, Mummar al-Gaddafi, is currently in a **16/7** Personal Year.

BBC News reported at **16:00** Universal Time that the French Air Force had sent 19 fighter planes over Benghazi. (19 planes on March 19. A new beginning. Befitting the name 'Operation Odyssey Dawn.')

Then, at **16:45** GMT, the first French plane fired a missile.

16:00 and 16:45 are significant numbers. They both contain the number **16/7**. The first attack in this whole operation began at **16:45**, and that number ALSO adds up to 16.

## **2011**

20 and 11 in *geopolitical* terms means that Relationships and Diplomacy are to be Balanced. 11 symbolizes balancing the spiritual and material and 2 is the number of compassion, diplomacy and cooperation.

When these numbers are activated in fear, the flipside of the 2 and the 11 is – Deception creates Division.

And since 2011 adds up to 4, every creation is being MANIFESTED into PHYSICAL reality.

2011 is a year to wake up to how the world is run. Wake up to how our personal and the Earth's (2011=4) resources are being spent.

A change of consciousness has begun.

This change is going to continue to be fast and furious all year long as the 11 in 2011 presents us with big DECISIONS.

DISCERNMENT is key for the duration of 2011.

DISCERN between that which uplifts you and that which suppresses and controls you.

DECIDE how you want to BE – Happy or confused. Whole or separate. Honest or deceptive.

What we decide will either keep us feeling divided or bring us into a state of grace and balance.

All of us are being asked to decide – what do we want to be? Not, what does someone else want for you.

If help is asked for, do so only to *empower* that person or nation. Offer help that creates *independence* – not *dependence*. Otherwise, it is a power trip.

At the same time, every person chooses to see himself or herself in a certain way. Love is allowing everyone to live their life as they see fit. To not deny them their chosen experience. To not judge them for the path they have chosen.

# Lexigrams

Lexigrams reveal the mysteries and riddles in your name. You can apply this ancient art to a word, phrase, title or name. When a current name does not reveal enough, then the birthname may be used, as long as the 5 rules are followed.

When you're decoding secrets through Lexigrams you first make a list of all the words you can find within the single word, name or multiple word phrase. These are called anagrams. But you must follow 5 rules in order to make these phrases personal to the person or entity.

## 6 Rules for Creating Lexigrams

Here are the 6 rules when creating Lexigrams of names, words or phrases:

**1.** You are not allowed to lexigram a name, word or phrase if it contains more than 15 different letters of the alphabet. If a letter is repeated, it counts as one letter.

For example "Delicate" has 2 E's but contains seven letters in the alphabet, not eight.

The reason for this is that, if a word or phrase contains more than 15 letters in the alphabet you would be able to create hundreds of thousands of words which would prevent you from learning anything personal or reliable.

**2.** You can use each letter in the original more than once as you create each separate word, but never more than once in the SAME word.

For example: Tom Cruise has one S and can form the separate words “Score, Storm, Sumo” and “Stoic”. But you may not use a double S within ONE word such as “Curses” because the original name or phrase only has 1 letter ‘S’.

**3.** The name, word or phrase you will be lexigramming may not have more than four of the five vowels (A, E, I, O, U). Actually it’s best if your original only has three vowels, but four, though not ideal, are allowed. The reason: a five vowel word or phrase gives too many results and is too complex for you to learn intricate and specific mysteries and riddles.

**4.** You can use each letter in the original more than once as you create each separate word, but never more than once in the SAME word.

**5.** Create as many words as you can from the original word, phrase or name. Then meditate on them. Look at the words. Allow your intuition to spiral – you will be amazed at all the words you missed. Start forming phrases as soon as you discover one.

**6.** Capitalize all the letters in your Lexigrams. If need be add a lower case “a”, “the” or “but”. Put them in parentheses if these are not contained in the original. Do this as little as possible.

**(Birthday and  
Birth Name)**

Here are the 3 most important numbers you were born with (examples of how to calculate are given in the next few pages):

- **Life Purpose Number** – Add up all the digits in a person's birthday.
- **Day of Birth** - the DAY of the month, i.e. the 17th.
- **Destiny Number** - Add all the letters in the person's birth certificate name using the Pythagorean system.

Later in life you are known to the world through your **Current Name** – Use the ancient Chaldean system to calculate this number which describes HOW your birth numbers are activated NOW. This method has important rules which **must** be followed to get the correct number.

*For a deeper understanding of these and other terms and methods I use, please refer to the **Appendix and Glossary** in the back of this seminar manual.*

## **The Three Numbers Generated From Your Birthday**

The day you are born generates three important numbers—your **Life Purpose Number**, your **Day of Birth Number**, and your **Essence Number**.

To demonstrate how I figure them out, I will use Condoleezza Rice as an example.

Rice was born on November 14, 1954. First, I write out her whole birthday using only the numbers. Americans place the month ahead of the day (Europeans do it in reverse).

11.14.1953

- I derive your **Life Purpose Number** from adding every single digit of your birthday. For Condoleezza Rice this means adding:

$$1+1+1+4+1+9+5+3 = \mathbf{26}.$$

$$\text{Then add: } 2+6 = \mathbf{8}$$

Rice's Life Purpose Number is **26/8**. 26 is the *Total Number* or *Compound Number*, and 8 is the *Root Number*.

- Your **Day of Birth Number** is the **Day** of the Month you were born on. If this is a single digit day, such as the 6<sup>th</sup> of July, your Day of Birth Number is 6. For Condoleezza Rice the *Day of Birth Number* is November 14:

$$\mathbf{14.} \text{ Then add: } 1+4 = \mathbf{5}$$

Rice's Day of Birth Number is **14/5**. 14 is the Total Number and 5 is the Root Number.

- Your **Essence Number** is obtained by adding your month and day numbers. For Condoleezza Rice the Month Number is 11 and the Day Number is 14.

$$1+1+1+4 = 7$$

Rice's *Essence Number* is **7**.

Additional indicators of your gifts and tendencies as well as generational influences are found when looking at the year of your birth (your *Year Number*) and the year within the century (your *Year of the Century Number*). For Condoleezza Rice, the Year Number is 1954:

$$1+9+5+4 = 19. \text{ Then I add } 1+9 = 10 \text{ and } 1+0 = 1$$

Rice's *Year Number* is **19/10/1**.

Another significant vibration derived from your year of birth is the number within a certain century you are born in.

For example, Condoleezza Rice was born in 1954 - the 54<sup>th</sup> year of the 20<sup>th</sup> century. This gives her a **54/9** *Year of the Century Number*.

## **The Three Numbers Derived From Your Birth Certificate Name**

The second three numbers completing your Personal Numerology Blueprint are derived from the name on your birth certificate. *(Please note: if you are adopted and don't know your birth name then I use the name given to you by your adoptive parents. For my clients who are adopted and know their birth name I use the original birth certificate name if the adoption occurred after 6 months of age.)*

To calculate your Birth Name, use the **Pythagorean System**. This numerology system utilizes every single digit from 1 through 9 and assigns these numbers sequentially, beginning with letter A as number 1.

A = 1	J = 1	S = 1
B = 2	K = 2	T = 2
C = 3	L = 3	U = 3
D = 4	M = 4	V = 4
E = 5	N = 5	W = 5
F = 6	O = 6	X = 6
G = 7	P = 7	Y = 7
H = 8	Q = 8	Z = 8
I = 9	R = 9	

The three numbers derived from your name at birth are your *Destiny, Soul, and Personality* Numbers.

- Your **Destiny Number** is calculated by adding *ALL* the letters in your complete birth certificate name. (Condoleezza Rice does not have a middle name.)
- Here is how you calculate the Destiny Number for Rice:

CONDOLEEZZA RICE  
36 5 46 3 5588 1 9935

$$54 + 26 = 80 \text{ and } 8+0 = 8$$

Rice's *Destiny Number* is **80/8**, giving her a Total Number of 80 and an 8 Root Number.

- Your **Soul Number** is calculated by adding only the VOWELS in your birth name. (Y is considered a vowel *unless* it acts as a consonant, such as in the name Yates.) For Condoleezza Rice you add:

O O EE A I E  
6 6 55 1 95

$$23 + 14 = 37; 3+7 = 10 \text{ and } 1+0 = 1$$

Rice's *Soul Number* is **37/10/1** giving her a Total Number of 37/10, which is reduced to a Root Number of 1.

- Your **Personality Number** comes from adding up all the CONSONANTS in your birth name. Condoleezza Rice's consonants are:

C ND L ZZ R C  
3 5 4 3 88 9 3

$$\mathbf{31} \quad + \quad \mathbf{12} \quad = \quad \mathbf{43} \text{ and } 4+3 = 7$$

Rice's *Personality Number* is **43/7**, giving her a Total Number of 43 and a Root Number of 7.

Now find the intricate relationships between the numbers in your birth blueprint and other people and entities as well as your current cycles happening right now.

For example, you may be wondering if the numbers I put in bold print under each individual name segment indicate anything. The answer is, "yes." Let me point out that for Condoleezza Rice those numbers are 54/9, 26/8, 23/5, 14/5, 31/4, and 12/3.

Do you see how these numbers cement her relationship to America's Blueprint? The U.S. was born on a 4 Day and has a 32/5 Life Purpose Number.

I also see that the number for Rice's last name adds up to 26/8, which in her case is highly significant as well. Her last name happens to activate two of her most important three numbers—her Life Purpose which is also 26/8 and her Destiny, which is the powerful 80/8.

# Your Current Name Number

## The Key to Fulfilling Your Dreams

As Linda Goodman reveals in her book *Star Signs*, your current name is critical in helping you achieve your goals. A **fortunate** current name allows you overcome obstacles, receive support from others and manifest your dreams in far more quickly than if your current name added up to a challenging number.

This *Law of Fortunate Names* also applies to your business, websites, book title and product names.

If you have more than one current name, you will be diluting both numbers. This is why it's important to have just *ONE fortunate* current name. This vibration will fully activate one fortunate number in your life. For example, if you eliminate your middle initial when you introduce yourself, but use the middle initial when you sign your credit card and checks—you are using two versions of your name and that will activate two numbers. Again, this is not recommended.

If you have a nickname used by your friends and family, and an official name that others refer to you by, the two-or-more-names rule applies as well —your name numbers will be diluted.

Please note: changing or eliminating or adding just one letter in a name results in a completely different number.

I calculate your current name using the Ancient Chaldean system which is based on the sound of each letter.

You'll notice nearly half of the letters resonate to the same numbers as in the Pythagorean system. Here is the alphabet I use for calculating your **Current Name**:

A = 1	J = 1	S = 3
B = 2	K = 2	T = 4
C = 3	L = 3	U = 6
D = 4	M = 4	V = 6
E = 5	N = 5	W = 6
F = 8	O = 7	X = 5
G = 3	P = 8	Y = 1
H = 5	Q = 1	Z = 7
I = 1	R = 2	

The Chaldean system does not use the number 9 within the alphabet. 9 represents completion and was considered a special number by the Chaldeans and so must not be assigned to any letter. However, if by totaling the letters in your name you end up with the number 9, 18, or 27, or another number reducing to the Root Number 9, then this is acceptable.

Let us use Condoleezza Rice again as our example.

$$\begin{array}{r} \text{CONDOLEEZZA} \quad \text{RICE} \\ 3 \ 7 \ 54 \ 73 \ 55 \ 77 \ 1 \quad 213 \ 5 \\ \quad \quad \quad \mathbf{54/9} \quad \quad \quad \mathbf{+ \ 11} \quad = \ 9 + 11 = \mathbf{20} \end{array}$$

You might be wondering why with the name Rice I didn't reduce 11 to 2? Here is where the calculation of your current names differs from your Birth Name. There are several rules to follow.

## **RULES for Calculating Current Name Numbers**

1. *Use the Root Number (single digit) for each single name when you are adding the numbers EXCEPT when the single name number equals **11** or **22**.*

Look at Condoleezza Rice's name again. Her first name, Condoleezza, adds up to 54, which we reduce by adding 5+4 which adds up to the single root number of 9.

2. Her surname "RICE" adds up to 11. This is where the exception to the single digit rules comes in. *If a single name reduces or adds up to **11** or **22** do not further reduce the 11 to 2 or the 22 to 4 (their single digit Root Numbers).* So the name Rice remains an 11 and is not reduced to the root number 2. The final result is that Condoleezza Rice adds up to 20/2.

Another example illustrating Rule Number 2 is the name “Ronald Reagan”.

$$\begin{array}{r} \text{RONALD} \quad \text{REAGAN} \\ 27 \ 5 \ 13 \ 4 \quad 25 \ 1 \ 31 \ 5 \\ \mathbf{22} \qquad \qquad \mathbf{17/8} \\ \mathbf{22} \quad + \quad \mathbf{8} \quad = \mathbf{30} \\ 3 + 0 = 3 \end{array}$$

I did not reduce the 22 to 4. So Reagan’s Current Name Number adds up to **30/3**.

*3. If you add your Root Numbers for your single names and they TOTAL another single digit (any number from 1-9) then you must add the Total Numbers of each Single Name in order to obtain a double digit Current Name number. In other words, your Current Name will then be calculated by adding the Total Numbers for each name.*

Let’s use Theodore Roosevelt as an example:

$$\begin{array}{r} \text{THEODORE} \quad \text{ROOSEVELT} \\ 45 \ 27 \ 4 \ 72 \ 5 \quad 27 \ 7 \ 35 \ 65 \ 34 \\ \mathbf{39/12/3} \qquad \qquad \mathbf{42/6} \\ \mathbf{3} \qquad \qquad + \qquad \mathbf{6} \quad = \mathbf{9} \end{array}$$

Roosevelt’s single name Root Numbers are 3 and 6, which add up to the single digit 9. *Since your Current Name Number must add up to **at least 10**, you must now apply Rule 3 and add the Total Numbers for Theodore Roosevelt’s Name.* The Total Number for Theodore is 39 and for Roosevelt is 42. Added together, 39 + 42 create a Current Name number of **81/9**.

4. *If you have a two-word surname, such as di Salvo or St. Clair, or a compound name like McAllister, each of the words is considered a **separate** name. The same rule applies if you are known as Dr. Jones or Sgt. Smith. Let's use John McCain as our example:*

JOHN MC CAIN  
175 5 4 3 3115  
18/9 7 10/1  
**9 + 7 + 1 = 17; 1 + 7 = 8**

John McCain's current name number is 17/8. While he is still serving in the U.S. Senate, he is also known as "Senator McCain." So I would calculate that name number for him as well. It happens to add up to 17/8 reflecting his more commonly used name "John McCain" exactly and reinforcing the 17/8 even more in his life.

5. *You will receive the best results life has to offer when you use only one current name across the board (except with your immediate family).*

It goes without saying you will only want to use a current name which adds up to a fortunate number. *Challenging names will slow down your path to success and happiness, create unnecessary obstacles and even prevent you from reaching your goals. Fortunate Names do the opposite – they create opportunities, bring a feeling of effortless into your everyday life, synchronize events and attract abundance.*

## **Fortunate Current Name Numbers Using the Ancient Chaldean System Of Numerology**

### **Highly Fortunate:**

10 (only if outlook is positive, not “glass half empty”)  
14  
15 (If no 4 or 8 Life Purpose or Day of Birth Number)  
17 (If no 4 or 8 Life Purpose or Day of Birth Number)  
19  
21  
23  
24  
27  
32  
33  
36  
37  
41  
42  
45  
50

Starting with 53, the numbers are reduced.  
So 53 would be an 8 name, 54 a 9 name and so on.

# Personal Year, Month, Day

## How to Calculate Personal Cycles

### EXAMPLE: Angelina Jolie and Brad Pitt

Angelina Jolie was born on 6.4.1975.

To calculate Jolie's Personal Year for 2010/2011, add her **Day of Birth** and **Month of Birth** to the current year, 2010 (since she was born in June and we are in April, 2011, her 2010 Personal Year is still active):

$$6+4 + 2+0+1+0 = 13 \quad 1+3 = 4$$

Angelina Jolie has a Personal Year of **13/4** in 2010/11.

Always add each single digit. For example, Brad Pitt was born on 12.18.1963. Add his **month and day** to 2010:

$$1+2+1+8 + 2+0+1+0 = 15 \quad 1+5=6$$

The Personal Year for Brad Pitt in 2010/11 is **15/6**.

For the Personal Month, add the digits of the CURRENT MONTH to the Personal Year Number.

For Angelina July, April, 2011:

Add 4 (for April) + 13 (Jolie's 2010/11 Personal Year) =  
**17/8** Personal Month

For Brad, April, 2011:

Add 4 (April) + 15 (Personal Year in 2010/11) = **19/10/1**  
Personal Month

To calculate the **Personal Day**, add the digits for the DAY to your Personal Month Number.

For Angelina, April 29, 2011:

Add 2+9 = 11 (Universal Day) + 17 (Jolie's Personal Month in April 2011) = **28/10/1** Personal Day

For Brad, April 29, 2011:

Add 2+9 = 11 (Universal Day) + 19 (Pitt's Personal Month in April 2011) = **30/3** Personal Day

**YOUR PERSONAL YEAR:**

$$\frac{\quad\quad\quad 2+0+1+1 \quad = \quad}{\text{Month} + \text{Day} + 2010}$$

**YOUR PERSONAL MONTH:**

$$\frac{\quad\quad\quad 4 \quad = \quad}{\text{Personal Year} + 4 \text{ (April)}}$$

**YOUR PERSONAL DAY:**

$$\frac{\quad\quad\quad = \quad}{\text{Personal Month} + \text{Day}}$$

Always take all 3 numbers - **Personal Year, Month and Day** - into consideration when planning big events, moves, medical procedures, real estate transactions, etc.

**Check if ANY of these 3 numbers activate the three important birth numbers in your Personal Numerology Blueprint.**

**The 3 important birth numbers for a Person or Entity are:**

- 1. Life Purpose Number** (add all the digits in your birthday)
- 2. Day of Birth Number** (the Day you were born)
- 3. Destiny Number** (The number your birth certificate name adds up to using the Pythagorean system. For Countries, states, cities – use the official name listed in Wikipedia.)

***\*\*\* Remember, if your current Personal Cycle is in the SAME Triad as one of your 3 important birth numbers, the energy around you is much more dynamic.***

## **APPENDIX**

**For ANAGRAMS to help you create LEXIGRAMS:**

<http://wordsmith.org/anagram/advanced.html>

## **Glossary of Terms**

**Birth Name:** The name on your birth certificate.

**Birthday:** The full date of your birth as in 12.5.1986.

**Blueprint:** A detailed report based on your Birth Name, Current Name, and Birthday.

**Chaldean Numerology:** The most ancient interpretation of numerology which has its roots in the Hebrew Kabbalah.

**Current Name:** The name(s) you use to introduce yourself casually and at work and sign your checks and credit cards with. It is derived by adding the letters of your current name using the Chaldean System. Remember to follow the 5 rules described in the *Appendix*.

**Cycle:** A cycle is a current period in time. It can be a year, month, day or other length and is either personal or universal.

**Date:** The numbers of a full date, such as 7.4.1776.

**Day:** The number of the day in a date, such as the 15<sup>th</sup>.

**Day of Birth:** The day within a month on which you were born.

**Destiny Number:** The Number describing what you are here to achieve. Are you more attuned to leadership or diplomatic cooperation? Is it your nature to take or give directions? This number is derived by adding all the letters in your Birth Name using the Pythagorean System.

**Essence Number:** The Number derived from adding the month and the day. For example, for October 24, you add 1+0+2+4 which equals an Essence Number of 7. This number describes how you feel, how you express yourself. The Essence is often the first vibration to leave an impression on others.

**Fateful Number:** 4 and 8 are considered by the ancient Chaldeans to be the number of Fate and Destiny. They are magnetically attracted to each other, 4 to 4 and 8; 8 to 8 and 4 and create a greater possibility of “fateful” relationships and “fateful” events when combined in this way.

**Fortunate Name:** A Current Name that adds up to a fortunate number. It can be a personal name, business name, movie, book or TV title, website, or product name.

**Full Year Number:** The number derived from adding the single digits of a full year. For example, 1968 would be added  $1+9+6+8$  equaling 24/6.

**Life Purpose Number:** This Number reveals your purpose, what you are here to learn, and how you will carry out and fulfill your Destiny Number. It is derived by adding all the single digits in your Birthday. For example, 8.29.2007 would be added  $8+2+9+2+0+0+7$  which equals 28. Then  $2+8 = 10$  and  $1+0 = 1$ . The Life Purpose Number totals 28/10/1.

**Master Number:** The same number doubled, such as 11, 22, 33, 44, 55, etc. This intensifies the meaning of the number. People who live up to the power of their Master Number are often asked to accomplish more than most. For example mastering the violin takes immense time and concentration. More often than not the great “masters” have at least one Master Number in their Personal Numerology Blueprint. If you don’t want the challenge, your number will be lived according to the interpretation of the single digit Root Number. For an 11 that would be 2, for a 22 that would be 4, and so on.

**Personal Day:** A number that influences you each day of your life. It’s derived by adding your Personal Year to the current calendar month and current calendar day. For example, if Anne was born on September 12, 1983 and she wants to know her Personal Day for March 8, 2009 the first step is to find her Personal Year during 2009 by adding her Day of Birth and Month of Birth to 2009 -  $9+1+2+2+0+0+9 =$  giving Anne a Personal Year of 23/5. Then she would add her Personal Year 23 to the current calendar month, in this case 3 for March, giving her a Personal Month of 26/8. Finally, Ann would add 26 and the Day, in this case 8, for a total of 34/7. So for Anne, March 8 2009 would be a 34/7 Personal Day.

**Personal Month:** A number that influences each month of your life. It is derived by adding your Personal Year to the current calendar month.
